Cohort

You've started a career... but you want more.

More support, more opportunity – and a chance to build on the foundation you've created.

When you choose one of Bellevue University's Cohort programs, you'll join a community of peers who have similar education and professional goals. People just like you, who have zeroed in on graduating.

Either online or in-class –
at the bachelor's and master's level –

You will complete your entire major with the same group of students, allowing everyone to gain insight from each other's challenges and diverse life experiences – to build lasting professional connections.

Other Benefits include a convenient, one- time enrollment into all cohort courses.

A locked-in tuition rate

Full-time status while focusing on only ONE class at a time.

And best of all, we make it possible for you to earn your degree in as little as 18 months – you'll finish faster while saving money.

So if you're working, have a family, or if you're just ready to take your career to the next level, the Cohort is made for you.

Collaborate
Grow
Network
And Thrive

With a Bellevue University Cohort Program.
